

45th Dairy Industry Conference (February 16-18, 2017)

Invitation

Dear Fellow Dairymen,

It gives us great pleasure to announce that Indian Dairy Association (West Zone) is organizing the 45th Dairy Industry Conference from 16th to 18th February 2017 at Bombay Convention & Exhibition Center (BCEC), Western Express Highway, Goregaon (East), Mumbai.

The theme of the conference will be **'Climate Change & Dairying'**. Around 1500 - 2000 delegates, including milk producers, scientists, technocrats and CEO's of dairy plants, equipment manufacturers, traders etc. are expected to attend the event.

Besides the presentations of Technical papers by experts, the Conference will have a special session on successful, influential and visionary CEO's of the dairy industry. They would deliberate upon the sector's road map of growth vis-à-vis challenges of Climate Change.

The conference will also provide opportunities for milk product and equipment manufacturers to have B2B Meetings with overseas importers.

The India International Dairy Expo (IIDE 2017) will be organized concurrently. The exhibition will showcase the technological developments in the Milk processing, Packaging and Products manufacturing.

In keeping with the theme and concern for our environment, we would be utilizing the digital media to the fullest and refrain from printing brochures and literature for the conference. May we request you to kindly use our web links, Mobile App and soft copies of various forms to register for the conference; submit synopsis of papers or posters; resumes for jobs; requests for B2B meeting and also for reserving your space at the exhibition.

The conference will be covered by the electronic and print media and would get wide publicity for the next six months through our website, www.idawz.org and other publicity material.

May we request you to kindly accept our invitation to be part of the 45th DIC and reach out to the global dairy fraternity through your presence in this flagship event.
